

SAOG 2022

Science of Surfaces, Interfaces and Nanostructures

37th SAOG Meeting

Friday, January 28th, 2022

Venue:

Haute école d'ingénierie

et d'architecture

Bd de Pérolles 80

CH-1700 Fribourg

www.saog-gssi.ch

Invited Speakers

Camilla Coletti

IIT Pisa, IT

Going Beyond Copper: Synthesis and Properties of Graphene on Sapphire

Pavel Jelinek

IOP CAS Prague, CZ

Multiradical π -Conjugated Molecular Systems

Beatriz Roldan

FHI Berlin, D

Operando Insights into Electrocatalytic and Thermal Conversion of CO₂

Claus Ropers

MPI & U Göttingen, D

Fast Movies from the Nanoscale: Ultrafast Electron Microscopy and Diffraction

CALL FOR PAPERS

Authors are invited to submit an abstract for an oral or a poster presentation via e-mail to abstract@saog-gssi.ch

Deadline is Monday, December 13th, 2021

Contributions from all fields of interface and surface science and nanotechnology are welcome.

Abstracts must be formatted according to the SAOG template.

Visit www.saog-gssi.ch for further details.

Authors will be informed about acceptance of their paper on January 3rd, 2022.

EXHIBITION

An exhibition presenting new instrumental developments and analytical services will take place in the entrance hall.

Please contact Dr. Paul Muralt, EPFL Materials Science Institute, SCI-STI-PM, CH-1015 Lausanne, paul.muralt@epfl.ch

SAOG POSTER PRIZE

The best poster presentations will be awarded with the SAOG Poster Prize, endowed with 500 CHF.

SAOG COMMITTEE

K.-H. Ernst, President, Empa, Dübendorf

P. Brodard, HEIA, Fribourg

T. Bürgi, UNIGE, Genève

P. Gröning, Empa, Dübendorf

H.-P. Haerri, METAS, Bern

E. Meyer, Universität Basel

P. Muralt, EPFL, Lausanne

G. Patzke, Universität Zurich

N.D. Spencer, ETH Zurich

H. Wolf, IBM Rüschlikon
